RE: Letter of Recommendation for Bill Whiteside

Bill Whiteside served on JKG Group's IT team as a **Business Annalist / Knowledge Manager**. He also participated on a software development team charged with new product development. In both roles, he demonstrated excellent documentations, technical writing and communication skills.

I enjoyed working with Bill. He always conducted himself in a professional and courteous manner, showing respecting for the opinions of his team-mates.

I recommend Bill for any project / job with similar requirements.

Sincerely,

Michael Woodring
Chief Operating Officer
JKG Group, Inc
